CERTIFIED DRAWINGS, LITERATURE AND PHOTOGRAPHS:

NOTES

GENERAL:

1. The applicable nonmaterial requirement form reference number 601.1 (etc.) must be shown on each document.
2. All drawings and manuals (etc.) must be written in the English language. Unless stated otherwise in the material description or specification of this Quotation Request/Purchase Order, it is preferred that all dimensions and weights must be in the "Le System Internationale D'Unites" (S.I.) metric systems of units. The pound, foot, and second system may be used as an alternative for equipment designed to a nonmetric specification.
3. The drawings and literature (etc.) should not be bound in books or hard covers since they will be incorporated in Plant Record Books.

601 PRELIMINARY DRAWINGS AND DATA FOR REVIEW AND APPROVAL BY BUYER

In the event that a purchase order is awarded, Buyer's approval of these drawings is required prior to fabrication of the units covered by such order.

602 CERTIFIED DRAWINGS, LITERATURE, PHOTOGRAPHS, ETC.

ALL PRINTS OF FINAL DRAWINGS must be marked or certified to indicate:

1. That the drawings are final and that all dimensions and material specifications are identical to those of the material or equipment being supplied by Vendor;
2. That no further changes must be made either by Vendor or by Buyer;
3. That all revisions requested previously by buyer are included.

603 OPERATIONS, MAINTENANCE MANUALS, INSTALLATION INSTRUCTIONS, TEST CERTIFICATES, ETC.

All drawings, documents, manuals, lists or other literature must be clearly marked with Buyer's Purchase Order Number and item number, and manufacturer's serial numbers pertaining to the material or equipment being furnished.

SHOPS OR MAINTENANCE MANUALS must include:

a. Dimensions of mating surfaces;
b. Tolerances applied to dimensions;
c. Clearance between moving surfaces;
d. Instructions for maintenance, disassembly, repair, overhaul and assembly;
e. System of trouble detection and remedy.

PRIORITY CODES

1. Required as soon as possible after receipt of purchase order.
2. Required as soon as possible after receipt of buyer's comments on preliminary drawings and specifications (etc.) catalog information, detailed drawings of sub-vendors and parts data.
3. Required as soon as possible after receipt of all non-material requirements covered by item 602 and after final inspection and testing.
